7	CHAPTER-VI	SC/ST and Gender Budgeting	219-221

EXECUTIVE SUMMARY

The exercise is primarily meant for converting financial outlays into measurable and monitorable outcome. It is a performance measurement tool that helps in better service delivery, decision making, evaluating programme performance and results and improving programme effectiveness.

The Outcome Budget is also aimed at changing the outlook of the agencies entrusted with the responsibility of programme execution and implementation. The idea is to make the programme implementing agencies more result oriented by shifting the focus from "Outlays" to "Outcomes".

It is a performance measurement tool that helps in better service delivery, decision-making, evaluating programme performance and results, communicating programme goals and improving programme effectiveness.

The scheme-wise details, wherever necessary, of the Outcome Budget for 2019-20 are indicated in the attached statement.

The Outcome Budget of Rural Development Department broadly indicates physical dimensions of the financial outlays reflecting the expected intermediate output. The Outcome Budget is a tool to monitor not just the immediate physical "outputs" that are more readily measurable but also the "outcomes" which are the end objectives.

The Outcome Budget 2019-20 broadly consists of the following chapters:

Chapter-I: Brief introduction of the functions, organizational setup, list of major programmes/ schemes implemented by the Department, its mandate, goals and policy frame work.

Chapter-II: Tabular format(s)/statements indicating the details of financial outlays, projected physical outputs and projected outcomes for 2019-20 under Programme Expenditure and Administrative Expenditure.

Chapter-III: The details of reform measures and policy initiatives taken by the Department during the course of the year.

Chapter-IV: Write-up on the past performance of the year 2017-18 and 2018-19.

Chapter-V: Actuals of the year preceding the previous year, Budget Estimates and Revised Estimates of the previous year, Budget Estimates of the Current Financial year.

Chapter-VI: Highlights of the outlays provided for the schemes benefiting Women, ST and SC groups along with the corresponding physical output.

Brief Description of Implementation, Monitoring & Evaluation Mechanism of the Scheme of the Department

The establishment of the Millennium Development Goals has significantly reinforced the concerns about non-income poverty. With the paradigm shift in economic development from growth to broadly defined “development,” the concept of rural development has begun to be used in a broad sense. The concept now encompasses “concerns that go well beyond improvement in growth, income and output. Connectivity – physical like roads to our people in rural areas is not an administration but a mission.

Road transport is vital for the economic development and social integration of the country. Easy accessibility, flexibility of operations, door-to-door service and reliability have earned road transport an increasingly higher share of both passenger and freight traffic vis-à-vis other transport modes. Transport sector accounts for a share of 6.4 percent in India's Gross Domestic Product (GDP). The Road Transport Sector has grown significantly during the past five decades. Road Transport has deep linkages with the rest of the economy and a strong multiplier effect. Transport is essentially a derived demand depending upon the size and structure of the economy and the demographic profile of the population. Greater the share of commodity-producing sectors like agriculture and manufacturing, higher is the demand for transport. Orissa's surge in growth and expansion in public spending in the past decade has created new possibilities for its social protection system. Social protection strategy must aim at mitigating water poverty in rural areas. The Government is equally committed to the objective of ensuring source and system sustainability. Despite the efforts put forth in the past, there is a growing concern over the widening gap between the expectations of the people and the achievements.

There is an inbuilt monitoring mechanism in the guidelines of each scheme of the Department so as to ensure that the objectives are achieved by their implementation.

The Department have 11 Sections. (1) Budget Section is headed by F.A-cum-Addl. Secretary, assisted by 1 AFA. (2) PMGSY Section is headed by Director, RD & Ex-Officio Addl. Secretary, (3) RW (Scheme) Section is headed by Special Scretary assisted by one Joint Secretary and one Under Secretary. (4) RW (FE) Section is headed by one Joint Secretary, assisted by one Under Secretary (5) Co-ordination Section is headed by Special Scretary assisted by one Joint Secretary and one Under Secretary. (6) Office Establishment Section is headed by Additional Secretary, assisted by one Deputy Secretary. (7) Bill & Cash Section is headed by one Joint Secretary, assisted by one Under Secretary. (8) RTI Section is headed by one Joint Secretary, assisted by one Under Secretary (9) E-Governance Cell is headed by one Joint Secretary (10) Legal Cell in each Section is headed by the concerned Branch Officer assisted by one Law Officer (11) Dak Section headed by Joint Secretary.

The Department have a huge field formation like (1) one EIC and (3) three Chief Engineers at Heads of Deptt. level, (15) fifteen Superintending Engineers at Circle level, (66) sixty-six Executive Engineers at Division level, (228) two hundred & twenty-eight Asst. Executive Engineers at Sub-Division level, (678) six hundred & seventy-eight AEs/JEs at Section level who are looking after the functioning of this Department. Besides, there is an Agency named Odisha State Rural Road Agency (OSRRA) chaired by Hon'ble Minister RD, to monitor the PMGSY works. Apart from continuous moni-

toring through periodical progress reports received from the office of EIC on both the financial and physical progress of the programmes, Principal Secretary monitors the progress of the schemes through Video Conference regularly. The Department also emphasizes on E-Governance. Emphasis is being given on both quality and quantity of physical progress. For effective monitoring of quality of works for non-PMGSY works; Third Party Quality Monitoring System is being established. To monitor the physical progress of each project, provision has been made in WAMIS for uploading the geo-tagged photographs of works. This system will facilitate the high level officers to monitor both the physical as well as financial progress of projects. The Department is also planning to have a Web GIS Asset Management Information System taking all Roads, Bridges/culverts and Buildings installations with the help of C-DAC and ORSAC.

Furnishing of statement of expenditure, Utilization Certificates, Audited Accounts and other requisite reports are submitted for the release of subsequent installments.

The officer dealing with the implementation of the programmes visits regularly the site to ensure that the programmes are being implemented satisfactorily.

Officers visit their assigned districts at regular intervals and the important observations of such teams are shared with the Department advising them to take appropriate corrective measures, wherever shortcomings are noticed.

A Performance Review Committee under the chairmanship of Principal Secretary reviews the performance of various programmes being implemented by the districts and recommend corrective action wherever found necessary.

With a view to fulfilling the objective of ensuring quality in implementation, particularly in the context of large public funds being spent under all the programmes of the Department, the Monitoring Committees are constituted.

Work Plan for DoRD for the Financial Year 2018-19 was prepared with due consultation of all stake holders. The work plan was drawn up taking into account the annual budget provisions and past performance of respective areas of work. The Engineer-in-Chief, RW Odisha was asked to draw up similar month wise and head of expenditure wise financial and physical plans for all the Divisions to enable field functionaries to appreciate the purpose and benefit of Results Framework Approach. Evaluation has been made basing on the scheme-wise weightage provided to physical targets. It is found that during the financial year 2018-19, the financial achievement was about 92.23%.

Public Information System

Information, Education and Communication (IEC) plays a vital role in creating awareness, mobilizing people and making the development participatory through advocacy and by transferring knowledge, skills and techniques to the people. Moreover, IEC plays two most important roles – informative and persuasive and as such is crucial for bringing about requisite social mobilization and facilitating participatory development.

The following strategy that has been adopted by the Department would be continued to ensure maximum benefits out of the programmes of the Department.

E-initiatives

Efficiency of delivery is increasingly becoming the focus of governmental programmes. This is both on account of an explicit recognition of sub-optimal achievements in reaching the targeted beneficiaries in many of the schemes as well as in curbing wasteful expenditure. Realizing this, new tools, particularly application of modern technology are being resorted to in achieving governance and delivery efficiency.

As per section 4 of Right to Information Act, 2005 every public authority shall maintain all its records duly catalogued and indexed in a manner and the form which facilitates the right to information under this Act and ensure that all records that are appropriate to be computerized are, within a reasonable time and subject to availability of resources, computerized and connected through a network all over the country on different systems so that access to such records is facilitated. The Act U/S 4-4 further says that all materials shall be disseminated taking into consideration the cost effectiveness, local language and the most effective method of communication in that local area and the information should be easily accessible, to the extent possible in electronic format with the Central Public Information Officer or State Public Information Officer, as the case may be, available free or at such cost of the medium or the print cost price as may be prescribed.

The e-initiatives of RD department were meant to answer the above need and convert this threat into an opportunity to automate the processes that can be done using latest technology platforms. e-Dispatch, HRMS, IFMS, e-Procurement, LMS, OMMAS, WAMIS, e-Abhiyog and OSWAS were major steps taken. In addition to the above, the website of RD Department are maintained and updated regularly. For better interaction with the public in social media, the Department has its own Facebook (https://www.facebook.com/RDOdisha/" and Twitter "https://twitter.com/RDOdisha" accounts.

Road Ahead

Rural Development Department is in charge of construction and maintenance of rural roads, rural Govt. buildings (both residential and non-residential) in the State. Under PMGSY,we have the mandate to provide connectetivity to habitations with population 500 & above in 12 Non-IAP districts, with population 250 & above in 18 IAP districts and habitations with population 100 & above in 38 blocks in 2 LWE affected districts in phased manner. Up to the year 2018-19, 16179 nos. of habitations have been provided connectivity under PMGSY. Similarly, the unconnected habitations having less than 250 population in IAP districts and less than 500 population in Non-IAP districts are being provided with all-weather connectivity through MMSY. Till 2018-19, connectivity to 492 nos. of habitations has been provided with all-weather connectivity. During 2019-20, it has been targeted to provide connectivity to 304 nos. of un-connected habitations under MMSY.

CHAPTER-I
INTRODUCTION

The concept of rural development has changed significantly during the last 3 decades. Until the 1970s, rural development was synonymous with agricultural development and, hence, focused on increasing agricultural production. This focus seems to have been driven primarily by the interests of industrialization to extract surpluses from the agriculture sector to reinforce industrialization. Four major factors appear to have influenced the change: increased concerns about the persistent and deepening of rural poverty; changing views on the meaning of the concept of development itself; emergence of a more diversified rural economy in which rural non-farm enterprises play an increasingly important role; and increased recognition of the importance of reducing the non-income dimensions of poverty to achieve sustainable improvements in the socio-economic well-being of the poor.

The establishment of the Millennium Development Goals has significantly reinforced the concerns about non-income poverty. With the paradigm shifts in economic development from growth to broadly defined "development", the concept of rural development has begun to be used in a broader sense. The concept now encompasses "concerns that go well beyond improvements in growth, income, and output. The concerns include an assessment of changes in the quality of life, broadly defined to include improvement in health and nutrition, education, environmentally safe living conditions, and reduction in gender and income inequalities". Today there seems to be a universal consensus that the ultimate objective of rural development is to improve the quality of life of rural people. This makes it essential to go beyond the income-related factors such as prices, production, and productivity to a range of non-income factors that influence quality of life and hence inclusiveness. Inclusive rural development is a more specific concept than the concept of rural development.

Rural upliftment requires strong commitment, patience and perseverance. It is a challenging but interesting task. The Govt. can not by itself provide the required services/comforts without the cooperation of the all stake-holders. Physical connectivity like construction of roads and bridges to our rural population is indeed a mission and not a mere administrative function. With this concept, R.D. Department was created on 1st July, 1990 to look after the sectors like construction of rural roads, construction of buildings to enhance the quality of life of rural population of the State.

Work Plan for DoRD for the Financial Year 2019-20 is prepared with due consultation of all stake holders.The work plan was drawn up taking into account the annual budget provision and past performance in respective areas of work. The Chief Engineers were asked to draw up month wise and head-wise financial and physical plans for all the divisions to enable field functionaries to appreciate the purpose and benefit of Results Framework Approach.

Under Rural Development Department, one organization, i.e. Rural Works Organisation is functioning which is in charge of construction and maintenance of rural roads, bridges and rural buildings.

The Department have 11 Sections. (1) Budget Section is headed by F.A-cum-Addl. Secretary, assisted by 1 AFA. (2) PMGSY Section is headed by Director,RD & Ex-Officio Addl. Secretary,(3) RW (Scheme) Section is headed by Special Scretary assisted by one Joint Secretary and one Under Secretary. (4) RW (FE) Section is headed by one Joint Secretary, assisted by one Under Secretary (5) Co-ordination Section is headed by Special Scretary assisted by one Joint Secretary and one Under Secretary. (6) Office Establishment Section is headed by Additional Secretary, assisted by one Deputy Secretary. (7) Bill & Cash Section is headed by one Joint Secretary, assisted by one Under Secretary. (8) RTI Section is headed by one Joint Secretary, assisted by one Under Secretary (9) E-Governance Cell is headed by one Joint Secretary (10) Legal Cell in each Section is headed by the concerned Branch Officer assisted by one Law Officer (11) Dak Section headed by Joint Secretary.

The Department hasvea huge field formation at Heads of Department level like One EIC and 3 Chief Engineers at Heads of Deptt. level, 15 Superintending Engineers at Circle level, 65 Executive Engineers at Division level, 229 Asst. Executive Engineers at Sub-Division level, 678 AEs/JEs at Section level are looking after the functioning of this Department. Besides, there is an Agency named Odisha State Rural Road Agency (OSRRA) chaired by Hon'ble Minister RD, to monitor the PMGSY works.

Principal Secretary, as the head of the Organisation, administers guides and monitors the entire work of the Department.

Important Schemes Admistered by the Department

PRADHAN MANTRI GRAM SADAK YOJANA (PMGSY)

PMGSY programme, a GoI sponsored scheme aims at providing all-weather connectivity to all

unconnected habitations in rural areas of the State upto population 500 and above for 12 Non-IAP districts and 250 and above in 18 IAP districts and population 100 and above in 38 blocks of IAP districts. From 2000-01 to 2014-15, cent percent funding was made by GoI. This funding pattern has been changed with 60% as Central Share & 40% as State Share from 2015-16. The funds under PMGSY were previously released by Govt. of India direct to the implementing agency i.e.OSRRA (Odisha State Rural Road Agency). Since 2014-15, the funds from Govt. of India are being routed through State Budget.

GoI has so far sanctioned projects worth ? 26209.18 cr. for construction of 15900 nos. of roads with a length of 61582.10 km. in different phases with construction of 543 missing link bridges on PMGSY roads for providing connectivity to 17079 habitations. Funds of ₹ 25075.97 Cr. (MoRD, GoI ₹ 19101.74 cr. & State ₹ 5974.23 cr.) has been received and ₹ 23464.69 cr. has been utilised for completion of 55307.98 km. (13604 no.) of roads including 294 missing link bridges for providing connectivity to 16210 habitations till end of July'2019.

During the year 2018-19, it was programmed to utilize ₹ 4167.00 cr. for completion of 8000 km. roads. Till end of March'19, funds of ₹ 4880.73 cr. was received (MoRD, GoI – ₹ 2949.25 cr. and State ₹ 1931.48 cr.) and out of such amount ₹3219.57 cr. was utilized by completing 8151 km. of roads for providing connectivity to 1675 nos. of habitations.

During the year 2019-20, programme has been made to utilize ₹ 2900.00 cr. and for completion of 7000 km. length of roads & 139 nos. of Missing Link Bridges and for providing connectivity to 728 nos. of unconnected habitations.

Programme for execution of PMGSY roads & bridges during 2019-20

Sl. No.	Name of the Districts	Length of road (in Km.)	Expenditure (Rs. In Cr.)	No. of Habitations	No. of roads	No. of bridges

The Scheme-wise provision under Programme Expenditure for 2019-20 is as follows:

(in TRS)

Sl. No.	Scheme	BE 2019-20
1	Off.Buildings	120000
2	Res. Buildings	180000
3	Completion of incomplete Roads and & Bridges under different tranches of RIDF and other schemes including State contribution to PMGSY for excess tender premium and additional works.	1250000
4	Reconstruction/renovation of Govt. Buildings affected by natural calamities (Non Residential)	650000
5	Reconstruction/renovation of Govt. Buildings affected by natural calamities (Residential)	100000
6	Improvement of existing RD roads	980000
7	B S Y	5000000
8	Dev. of Rural Road Connectivity	3
9	Information, Education & Communication	4000
10	Capacity Building	220000
11	RIDF	1000000
12	MMSY	3400000
13	CWA	284000
14	Decretal Dues	5000
15	PMGSY	29000000
16	Connecting Unconnected Villages	100000
17	Rural Road (EAP)	10000
18	Infrastructure Development Fund	300000
	Grand Total	**42603003**

The details are as follows:

A. Programme Expenditure

(I) Rural Works

A total outlay of ₹ 426030.30 lakh has been provided in the year 2019-20 under the roads & bridges sector/buildings sector of Rural Works Organisation for implementation of the schemes as follows:

(1) Construction of R.D. Deptt. Buildings (Non-Residential) (₹1200.00 lakh)

A sum of ₹1200.00 lakh has been provided for the year 2019-20 for construction of buildings for different offices of Rural Development Department. 140nos. of building projects are targeted for completion during 2019-20.

2) Construction of R.D. Deptt. Buildings (Residential) (₹1800.00 lakh)

A sum of ₹1800.00 lakh has been provided for construction of residential buildings under Rural Development Department for the year 2019-20.245 nos. of building projects are targeted for completion during 2019-20.

3) Reconstruction/ Renovation of Govt. buildings damaged by natural calamities (Non-Residential) (₹5000.00 lakh)

A sum of ₹5000.00 lakh has been provided for Reconstruction/Renovation of Govt. buildings (Non-Residential) damaged due to natural calamities (Fani) for the year 2019-20 for buildings of all departments maintained by RD Department.

4) Reconstruction/ Renovation of Govt. buildings damaged by natural calamities (Residential) (₹2500.00 lakh)

A sum of ₹2500.00 lakh has been provided for Reconstruction/Renovation of Govt. buildings (Residential) damaged due to natural calamities (Fani) for the year 2019-20 for buildings of all departments maintained by RD Department.

5) Rural Roads and Bridges (NABARD Assisted Projects) (₹10000 .00 lakh)

₹10000.00 lakh has been provided in the year 2019-20 for execution of ongoing works of 130 roads and 79 bridges out of which 125 roads and 30 bridges have been targeted for completion during 2019-20.

6) Road Works (PMGSY) (₹290000.00 lakh)

A sum of ₹290000.00 lakh have been provided for the projects under PMGSY-I & II. Under PMGSY-I, the work of 4330 Km. length of roads and 278 nos. of Missing Link bridges are ongoing. Besides, execution of 650 nos. of roads (3759 Km.) and 33 nos. of Bridges have been taken up under PMGSY-II. There is a target for completion of 7000 km. length of roads and 139 nos. of missing link bridges and provide allweather connectivity to 728 habitations during 2019-20.

7) CWA (Constituency -wise allocation) (₹2840.00 lakh)

A sum of ₹2840.00 has been provided under CWA @ ₹20.00 lakh for each Assembly Constituency (except five urban constituencies) in the budget for the year 2019-20 for improvement of rural roads.

8) Completion of incomplete roads & bridges under different tranches of RIDF and other schemes including State contribution to PMGSY. (₹12500.00 lakh)

A sum of ₹12500.00 lakh has been earmarked under Completion of incomplete roads and bridges under different tranches of RIDF and other schems during the year 2019-20.This includes ₹ 7000.00 lakh towards State Contribution to meet the differential cost of roads & bridges, tender premium & labour escalation etc over and above the MoRD sanction cost under PMGSY. As such, there is an allocation of ₹5500.00 lakh exclusively for the above State Scheme for the year 2019-20. This allocation will be utilized to meet the expenditure towards execution of 68 nos. of ongoing roads out of which 59 nos. of roads have been targeted for completion during 2019-20. Besides, 14 nos. road projects will be taken over from the approved list of roads under IDF Scheme for execution under the Scheme during 2019-20.

9) Capacity Building (Resource & Infrastructure Development) (₹2200.00 lakh)

A sum of ₹2200.00 lakh has been provided under Capacity Building for survey expenses,survey equipment, tech. training,consultancy charges-PMU & quality monitoring of important roads, bridges & building projects, DPR preparation, MPLS for RD Deptt., computerisation of offices, WAMIS,GIS, exposure visit inside/outside country etc. during the year 2019-20.

10) Decretal dues (₹50.00 lakh)

A sum of ₹50.00 lakh has been provided to defray the expenses towards payment of compensation as per the award of the court during the year 2019-20.

11) Biju Setu Yojana (₹ 50000.00 lakh)

?50000.00 lakh have been provided for construction of bridges on rural roads under Biju Setu Yojana during the year 2019-20.This allocation will be utilized to meet the expenditure towards execution of 330 nos. of ongoing bridges out of which 181 nos. of bridges have been targeted for completion during 2019-20.

12) Improvement of existing RD roads (₹ 9800.00 lakh)

There is a provision of ₹ 9800.00 lakh for improvement of existing R.D. roads.during 2019-20.This allocation will be utilized to meet the expenditure towards completion of 76 nos. of ongoing roads. Besides, 06 nos. of new road projects will be taken up during 2019-20.

CHAPTER-III
Reform Measures and Policy Initiatives

R.D. Department has taken many e-initiatives to monitor and maintain transparency in the works being implemented by the Department. The provisions of basic public services being provided through electronic mode are:

(i) Department Website and Social Media:

The information relating to R.D. Department is being uploaded to the State Govt. website i.e. http://rd.odisha.gov.in/. The website of the department acts as an index of all activities relating to R.D. Department. Links have been provided to all other e-activities undertaken by this Department. The information on important schemes undertaken by this Department like Pradhan Mantri Gram Sadak Yojana (PMGSY), Mukhya Mantri Sadak Yojana (MMSY), Biju Setu Yojana (BSY) are being updated in the website. The letters despatched through e-Despatch by the Department are also being webhoisted. The Department has made its presence in Social Media like Facebook (https://www.facebook.com/RDOdisha/" and twitter "https://twitter.com/RDOdisha" accounts.

(ii) Online RTI

The applications recived under Right to Information Act are being updated in the online RTI application "http://www.rtiodisha.in/Departments/28", developed by I&PR Department.

(iii) e-Desptch:

Starting from the R.D. Department at Secretariat up to Division level, a web-based integrated platform (http://odisha.edespatch.in/) for despatching and receiving letters is in use since 2009. All letters are being despatched through the e-Despatch system and placed in the Department Website for public view for transparency, quick transmission and easy access.

(iv) Online Monitoring and Management of Accounts System (OMMAS):

For transparency and proper monitoring of both physical and financial progress of PMGSY work, C-DAC,an organisation of Govt. of India, has developed a web-based software for online monitoring and management ,namely OMMAS. The URL of OMMAS site is http://www.pmgsy.org/. By accessing this site, the public can see the details of roads taken up under PMGSY, its executing agency, the cost of the roads, the length of roads and its physical & financial progress.

(v) Integrated Grievance Redressal System (IGRS):

An IGRS named as Sanjog Helpline (http://www.sanjoghelpline.in) is an IT solution which informs about the grievance of a common man to the right authority in real time via SMS and email. A toll-free number i.e. 155335/18003456770 has been provided for the public to register their complaints. IGRS is activated and operated towards the goal of smooth redressal of public grievances on Pradhan Mantri Gram Sadak Yojana (PMGSY).

(vi) e-Procurement:

It is carrying out traditional tendering process in an electronic form (through internet). It connects the procuring organization with the bidders through electronic exchange of tender. It is a management and reform program in the procurement field.

E-Procurement and iOTMS/iFMS are done with a software application that includes features for supplier management and complex auctions. In the electronic tendering process, both the Govt. and the contractors will be benefitted.

(vii) WAMIS:

Works and Accounts Management Information System (WAMIS), a web-based application (http://www.wamis-odisha.gov.in), is being developed by C-DAC, Pune. It is a Division Automation System integrated with MIS features.

WAMIS has 4 modules such as :

1) Accounting Management System (AMS)
2) Works and Billing Module (WBM)
3) Budget Management System (BMS),
4) Integration with iFMS/iOTMS and AG Accounting Sysem.

By using this application, Divisions are generating their monthly accounts and submitting those to A.G. online. Not only R.D. Department, but also all engineering departments of the State like Works, Water Resources and H&UD Departments are now using WAMIS. For better monitoring of physical progress of works, provision has been made for uploading geo-tagged photographs of the works through mobile application.

(viii) PFMS:

Public Finance Management System is a web based financial management platform for all plan schemes, a database of all recipient agencies, integration with core banking solution of banks handling plan funds, integration with State Treasuries and efficient and effective tracking of fund flow to the lowest level of implementation for plan scheme of the Government., under Programme Expenditure funded by Government of India, is in use in the Department. The Centrally Sponsored Scheme like PMGSY has been registered in this system. PFMS is on board w.e.f. 1.08.2018.

(ix) OSWAS

Odisha Secretariat Workflow Automation System, an e-fileing system has been implemented in Rural Development Department since January, 2012. All files are being processed through OSWAS, which not only eases the movement of files, but also tracking of Daks and files has become much easier. This makes the Department a Less Paper Office.

" New schemes introduced, if any

No new scheme has been introduced.

" Change in internal processes of the Department in relation to administration of the scheme.

No internal process of the Department in relation to administration of the scheme have been changed.

" Policy reform, if any

R.D. Department is executing PMGSY programme which aims at providing all weather connectivity to all unconnected habitations in the rural areas of the State having more than or equal to 1000 habitations in plain areas and 500 or more in schedule areas . This has been relaxed by GoI from 500 to 250 habitations for selection of PMGSY road projects in such areas.

" Internal Audit of PMGSY works

Works and accounts of PMGSY works are normally audited by A.G. & empanelled Chartered Accountant firms as statutory audit. In order to ensure both accuracy in accounts and efficiency in the operation of financing of State agencies, MoRD in GoI has decided to make internal audit of SRRDAs and PIUs under PMGSY mandatory SRRDA will appoint internal auditors as a management aid to ensure the true and fair record of account. Accordingly, internal audit of PMGSY work in the State is being operationalised by OSRRA with effect from 2012-13 for which a Steering Committee is constituted at Govt. level. Internal audit is to be conducted half yearly basis. The audit report will be uploaded in OMMAS site.

" 5T Initiatives:

Hon'ble CM gave the vision of Citizen Centric Governance based on 5T freamwork on 22nd June-2019 with an objective to achieve high citizen satisfaction in governance by Transformation, Time, Transparency, Teamwork and Technology. Under 5T initiative, Rural Development Department.

Rural Development Department shall be the lead Department for providing connectivity to about 4300 unconnected village / habitations within a period of next four years and at least one third shall be completed in next two years.

All important roads in the State would be developed at least on PMGSY standard. New construction technology would be taken up in road construction.

The Master Plan for Constituency-wise maintenance of roads be prepared. Biju Setu Yojana being the flag-ship programme of the Department shall be adopted on highest priority in terms of timely completion. The Department shall prepare a Constituency-wise plan for bridges projects which should be taken in the next five years.

1) Muster Roll and online payment of wages through bank accounts is being made mandatory from the next Financial Year. However the Department shall make online payment of wages in selected works from the month of December, 2019.
2) This Department shall integrate e-procurement with WAMIS, CDMS along with entire value chain automation of the tendering process with help of Works Department and Water Resources Department.
3) There shall be zero tolerance on tender fixing and bridge collapse.
4) The Department should take strong measures for ensuring quality of construction and improving supervision and monitoring of the works. Third party quality monitoring should be taken up for all roads and building works (including non-PMGSY). The Department should operationalise all the Quality Control Laboratories under the Department through outsourcing mode.
5) The Department shall also develop GIS system and an IT Cell for sharing all web based information with public and develop a decision support system to enable prioritization of the works as well as regular monitoring of construction and maintenance.

CHAPTER-IV
Past performance of programmes and schemes

Rural Development Department has the mandate to provide & maintain good road connectivity and building infrastructure in rural areas of the State.

The Department is responsible for construction and maintenance of Rural Roads, Bridges & Government Buildings in rural areas. The construction and maintenance of Rural Roads is taken up for 43011 Kms. of Rural Roads borne in the books of the Department. This Department implements a Govt. of India rural connectivity programme i.e., Pradhan Mantri Gram Sadak Yojana (PMGSY) trough Odisha State Rural Road Agency (OSRRA), with 60% Govt. of India share & 40% State Govt. share. Under Pradhan Mantri Gram Sadak Yojana (PMGSY), new roads and missing link bridges are being constructed to provide connectivity to the unconnected habitations with population up to 500 and above in 12 Non-IAP Districts & 250 above in IAP Districts of the State. Besides, there is also provision to connect the un-connected habitations with population 100 & above in 38 identified LWE Blocks in some of the IAP Districts of the State. The Department is also providing all-weather connectivity to the unconnected habitations in the rural areas, which are not eligible under PMGSY, by constructing roads under a State Plan Scheme i.e. Mukshya Mantri Sadak Yojana (MMSY). Besides, an amount of Rs. 50.00 Cr. has been allocated for the first time for "Connecting Unconnected Habitations". An exclusive State Scheme named Biju Setu Yojana (BSY) is also being implemented for construction of bridges. In addition to the road and bridges sector, the Department is also constructing Govt. Buildings of own Department as well as Health, Education, Revenue, Home Departments in rural areas. Besides, R.D. Department maintains 27377 Kms of Rural Road, 15634 Kms of 5 year completed PMGSY roads and 14,04,343 Sqm. (Plinth Area) of Residential Govt. Buildings & 42,01,553 Sqm. (Plinth Area) of Non-Residential Govt. Buildings located in rural areas wihich are borne in the books of the Department.

The performance of R.D. Department for 2018-19 in different schemes under Programme Expenditure is given below:

BSY- 78 Bridges have been completed.
RIDF (NABARD)- 23 Bridges and 94 roads have been completed.
Improvement of Existing R.D. Roads- 34 roads have been completed.
MMSY- 189 roads have been completed.
PMGSY- 8151 Kms of roads & 50 missing links bridges have been completed.
Residential Buildings- 65 buildings have been completed.
Non-Residential Buildings- 46 buildings have been completed.
